

The Pensteel Range of Rental IBCs – The GLC “Bag in Box” Container

The *RentaCube*® Mild Steel Galvanised Foldable IBC

RentaCube (a division of Pensteel Limited) have made it easy for your company to benefit from the use of IBCs without any major capital outlay and is available on a daily rental basis, (minimum rental is 30 days). To end the rental period you simply return the container/s in a good and clean condition.

The GLC Container, is a “Bag-in-Box” IBC, designed for the transportation of non hazardous liquids and pastes and is used within the food, pharmaceutical and beverage industries it utilises an inner liner to contain the product during transit. After each journey, the container is emptied and the liner disposed of. The liner is manufactured from flexible triple layered LLDPE, which is tough, durable but light weight, reducing disposal costs. After emptying, the GLC requires little or no cleaning and is again ready for immediate use when fitted with a new liner bag.

The GLC can easily be erected for filling or folded (5:1) for the return journey by one person thus reducing man hours and transport costs.

Constructed with a heavily Galvanised Mild Steel framework, with side walls manufactured from galvanised spring steel, taped and riveted for additional strength and security is provided with a sliding lockable top and valve cover. Fully foldable with no loose parts, four way entry for forklift and hand pallet truck, with anti tilt fork lift bars for transit over unstable ground

The Pensteel Range of Rental IBCs – The GLC “Bag in Box” Container

The *RentaCube*® Mild Steel Galvanised Foldable IBC

Inner polyethylene liner bags are simple to fit and are available with either 2” or 3” membrane cutter or integrated butterfly valve, both of which are available from us.

There is good reason why the GLC collapsible IBC is popular within the rental market as its robust outer shell ensures safe handling of all products and is ideal for storage both when filled or empty.

Rental prices are available on request together with special reductions for signed contracts of 24 months or more.

Outlet area with plastic retaining clip for the inner liner

Outlet area with sliding security cover and sight glass
