

Pensteel IBC Jacket

Heavy Duty Ultra Violet Light Proof IBC Cover . Type UV

Primarily designed for use within the Ink and Resin UV curing industries where the IBC and its products must be protected from Ultra Violet light during transport and storage. The type UV+ is manufactured from a heavy weight 600 denier polyester fabric which is coated on one side with PVC, This fabric can be silk screened with your company logo, sequential numbered for asset management or printed with returning instructions.

This cover is available for the standard range of IBC sizes, including the 640 litre, 820 litre, 1000 and 1250 litre capacity IBCs, or we can manufacture to your exacting requirements if required
